JOURNAL OF THE BIOLOGICAL PHOTOGRAPHIC ASSOCIATION

INDEX TO VOLUME 32 — 1964

A

Agar, Photography of Stained Precipitin Reactions in 13

Alarm-Clock Timer Permitting a Wide Variety of Settings 149

AMA Awards for Photography 168

Angiograms: Techniques and Problems, Photographic Reproduction of 89

Animation Effect With a Single Drawing 166

Application of LogEtronics in a Large Medical Center Photographic Department 99

Arendt, Kenneth A., Ph. D. 9

Association Services Available 169

B

Baldwin, E. Lynn 37

Bond, Ted P. 77

Book Reviews 84

Burch, J. Lindsay 123

Brach, E. J. 125

C

Chromatography, The Use of Polaroid Film to Record Thin Layer 19

Cine-Micrography, New Aspects of Exposure Measurement in Photo and ... 1

Cinephotomicrography of the Microcirculation in the Mesentery of the Dog, High Speed 77

Contributing Members 44-88-132-172

Copy Cameras—Three Designs for Specific Needs, Custom Conversion in .. 113

Currie, Donald J., M.D. 151

D

Dental Clinical Photography, Point Source Light Versus a Ring Light With a Single Lens Reflex Camera .. 119

Dental Photography in South Africa .. 110

Detection of Plant Disease Symptoms by Infrared 45

Didymium Glass Filter in Photomicrography 59

E

Edwards, D. K. 149

Endowment Announced by W. B. Saunders Co. 160

Equipment for Making Movies in Surgery 123

F

Freeche, C. L. 119

G

Gander, Dr. R. 1

Greenberg, Wilfred 166

H

High Speed Cinephotomicrography of Microcirculation in the Mesentery of the Dog 77

I

Illumination System for Routine and Research Optical Microscopy 107

Infrared, Detection of Plant Disease Symptoms 45

International Film Competition 18

Irvine, Ronald F. 161-163

J

Jackson, Ross 13-45-125

Johnson, Leo 89

Julin, Leonard 168

K

Kincaid, Owings W., M.D. 89

Klosevych, Stanley 23-133

Koster, Lewis W. 59

L

Levie, W. Howard 77

LogEtronics in a Large Medical Center Photographic Department, Application of 99

M

Medical annd Biological Illustration.... 8-87-98-148

Method of Determining the Area of Irregular Tissue Section 37

Microcirculation in the Mesentery of the Dog, High Speed Cinephotomicrography of the 77

Mirror Cinematography in the Operating Theatre 161

N

New Aspects of Exposure Measurement in Photo and Cine-Micrography 1

New Products 41-85-129-170

O

Oldendorf, W. H., M.D. 65

Operating Room Still Photography in the 163

Operating Theatre, Mirror Cinematography in the 161

Optical Microscopy, Illumination System for Routine and Research 107

P

Photographic Reproduction of Angiograms: Techniques and Problems 89

Photography of Stained Precipitin Reactions in Agar 13

Photomicrography, Exposure Determination 23

Photomicrography, The Didymium Glass Filter in 59

Photomicrography, Resolution and Magnification 133

Point Source Light Versus Ring Light With a Single Lens Reflex Camera, Dental Clinical Photography 119

Polaroid Film to Record Thin Layer Chromatography, The Use of 19

Precipitin Reactions in Agar, Photography of Stained 13

Price, Zane 107

Pulse Generator for Synchronizing Stroboscopes 125

R

Radiographs, Subtraction and Auto-Subtraction Techniques for Reproducing. 65

Resolution and Magnification, Photomicrography 133

S

Sharp, Frederick T. 99

Smialowski, Arthur 151

Subtraction and Auto-Subtraction Techniques for Reproducing Radiographs. 65

Surgery, Equipment for Making Movies in 123

Surgical Operating Room Still Photography 151

Sustaining Members 44-88-132-172

Still Photography in the Operating Room 163

Stroboscopes, Pulse Generator for Synchronizing 125

T

Tandem Camera for Laboratory Macro and Telephotography 9

Telephotography, Tandem Camera for Laboratory Macro and 9

Tissue Sections, A Method for Determining the Area of Irregular 37

U

Use of Polaroid Film to Record Thin Layer Chromatography 19

V

Valcke, C. F. 110

Voisey, Peter W. 125

W

Withee, John E. 113

Wolf, Robert D. 19
